Subject: My public comment in regards to the Michigan oversight committee meeting regarding immunizations taking place on 11/30/17 @9am!!

Dear Representative Joseph Graves and to all Oversight committee members !

As a Michigan parent

Please be advised that the MDHHS should not have the right to create our state regulations without the proper Public notice and hearing process .

Please be advised that the MDHHS should not have the right to mandate any Immunizations to be required by law .

also be advised it's our right as parents to maintain vaccine choice in Michigan and no child should be excluded from school due to that right .

Lastly It my right as a parent to seek a vaccine exemption for my children attending Michigan public schools due to our choices on Vaccinations .

please support our rights to be herd !

Sincerely Michelle Didario and registered Michigan Voter .
